Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.
15 minutes

A   Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B   Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

C   Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Open article

Define your problem statement

In our society we have peoples with disabilities.The project aims to develop a system that converts the sign lanuguage into human hearing voice in the desired language to convey a message to normal people.
10 minutes

> **PROBLEM**
> To develope an AI model that converts sign language into a speech that can be understood by normal people.

Key rules of brainstorming
To run an smooth and productive session

Stay in topic.	Encourage wild ideas.
Defer judgment.	Listen to others.
Go for volume.	If possible, be visual.

Brainstorm

Have a each participant begin in the brainstorm space by silently brainstroming ideas and placing them into the template.
10 minutes

TIP
You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

Group ideas

Have everyone move their ideas into the group sharing space within the template and have the team silently read through them.
20 minutes

Programming Aspects

Analysis

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

Datasets

Recognition

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
20 minutes

Importance
If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Feasibility
Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

TIP
Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

A   Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

B   Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.
